Professional Summary: Results-oriented Software Development Manager with 10+ years of progressive experience in software engineering and 4 years in leadership roles. Proven ability to build, mentor, and lead high-performing engineering teams, drive agile development processes, and deliver complex software products on time and within budget. Adept at technical strategy, project planning, and fostering a collaborative team environment.

Work Experience:

- **Software Development Manager**
 - InnovateCorp, San Francisco, USA
 - March 2021 – Present
 - Led a team of 15 software engineers across multiple agile squads, overseeing the full software development lifecycle for a flagship SaaS product.
 - Implemented Agile/Scrum methodologies, improving team velocity by 25% and reducing time-to-market for new features.
 - Defined technical roadmaps, managed project backlogs, and ensured alignment with business objectives.
 - Recruited, onboarded, and provided continuous mentorship and performance reviews for team members.
 - Facilitated cross-functional collaboration with product management, QA, and operations teams to ensure successful product delivery.
 - Managed a budget of \$X for software development tools and resources.
- **Senior Software Engineer**
 - TechSolutions Inc., Seattle, USA
 - August 2015 – February 2021
 - Designed and developed scalable backend services using Java and Spring Boot.
 - Led the technical design and implementation of a critical API integration project.
 - Mentored junior engineers and contributed to architectural discussions.

Education:

- **MBA (Technology Management)**
 - Haas School of Business, UC Berkeley, Berkeley, USA
 - Graduation: May 2021

- **B.S. in Computer Science**
 - University of Washington, Seattle, USA
 - Graduation: May 2015

Skills:

- **Management & Leadership:** Agile (Scrum, Kanban), Project Management, Team Leadership, Mentorship, Performance Management, Budgeting, Strategic Planning, Stakeholder Management, Conflict Resolution, Cross-functional Collaboration
- **Technical (Hands-on experience):** Java, Spring Boot, Microservices, RESTful APIs, AWS, Docker, Kubernetes, SQL/NoSQL databases, Git, CI/CD, SDLC
- **Tools/Software:** Jira, Confluence, Trello, Asana, Microsoft Project, Git, Jenkins, Slack

Professional Affiliations / Memberships:

- Project Management Institute (PMI) - Member since 2020
